

Spread their Imagination Far and Wide

Widen your World

Take advantage of an 88 inch wide interactive whiteboard that will bring your classroom to life. Illustrate your point and inspire learning with a library of interactive tools that allow you to make notes, draw diagrams, and mark up images with digital ink.

Make Learning Stick

Students absorb concepts better when they can hear, see and touch them. Eliminate distractions and dive right into your lessons by using your finger or a stylus to easily navigate through activities, websites, and multi-media content that connects with today's digital learners.

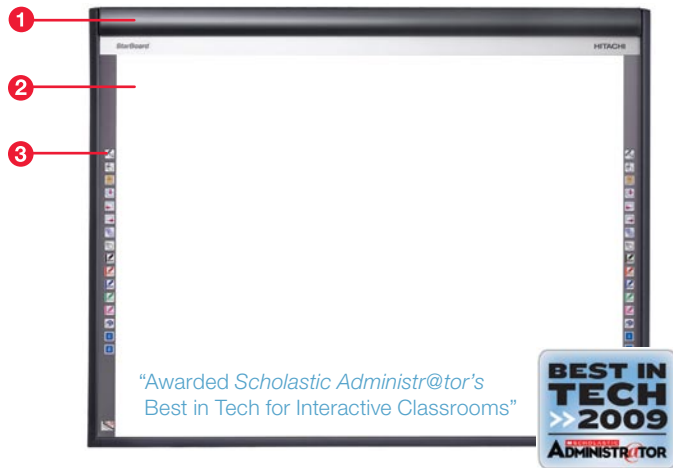

Designed for Education

The FXDUO is powered by the StarBoard Software, a dynamic set of teaching and lesson building tools designed for educators. Also, provided with every FXDUO is RM Easiteach educational software, an award winning interactive learning resource.

“The StarBoard is a wonderful and productive tool that has been a great addition to the learning environment. ”

– Dan Smith, Media Specialist at Neumann College

Features

- 1 Replaceable top sensor
